### **Funding Application Update and Progress on Resilience Fund Projects**

CM advises that some of the resilience fund money will be used on a roadside advertising campaign. This campaign will contain a scenic visual to attract footfall from the central belt. Appropriate locations are being considered.

All are in agreement that street furniture will be an essential addition to Dunoon this year due to the expected 'staycation' market. Board agrees

that a local business should be approached to construct the benches. Recycled plastic benches are also an options that may be explored.

Board explore more options to drive people into Dunoon.

CM also advises that the 3rd round of the resilience fund will go live in April or May and DP will be applying for funding.

### **Events Update**

Mull Car Club has been positive about the prospect of running the Argyll Rally this year and will update on the status of the event at the end of

March. 🚗

Outlook for Dunoon holding a triathlon in September is also looking good.

A decision has been made by the board to refund all Revival tickets. JM voices that the current climate is too much of a risk to plan an indoor event. Announcement will need to be made and Ticket Scotland will process refunds.

### **Mens Shed Update**

Board are all in agreement that money for hanging baskets should be spent at a local business. Mens Shed has stated they will not be open to using a local business to purchase materials for hanging baskets.

### **AOCB**

Board discusses pressure washing Argyll Street, Ferry Brae and Hilfoot Street. JM come back with quote for those areas.
